The grid consists of three rows and four columns of event cards. Each card features a dark background image of a large audience from a high angle. Overlaid on each card is a dark brown rectangular box containing the date 'APR / 24' in white, followed by the text 'Type of Lecture' in red, the title 'Special - Professor' in bold black, and the time '12:00 AM' in white at the bottom.

Welcome

to the Department of Computer Science!
Explore our innovative programs and discover how
you can shape the future through technology.

Apply

Our Programs

The primary aim of our education system is to equip students for the ever-evolving global landscape. Undergraduates can opt for a Bachelor of Science or a Minor in the field of Computer Science. For graduate-level education, students may embark on a journey towards a Master's or a Doctorate in Computer Science. The Master's program serves as a final degree for professional practice, while the Doctorate is tailored for individuals seeking a pathway in research or academia.

Undergraduate
Launch your career with a powerful foundation. Our undergraduate programs seamlessly blend theory with practical skills, equipping you for success in your chosen field.

[Learn More](#)

Postgraduate
Take your expertise to the next level. Our postgraduate programs offer advanced study and research opportunities in specialized areas, allowing you to become a true expert.

Word from rector

Professor Fares Mokhtari

President of the University of Algiers 1
Ben Youssef Ben Khadda

We are incredibly proud of our esteemed faculty at [University Name]. They are not only leaders in their respective fields, constantly pushing the boundaries of knowledge with groundbreaking research and publications. They are also dedicated mentors who are passionate about fostering your academic growth and personal development. Their commitment extends far beyond the classroom, as they offer guidance and support throughout your journey at [University Name]. You will benefit from their real-world experiences and insights, ensuring you graduate prepared to tackle complex challenges and make a meaningful contribution to your chosen field.

PixelCode

The PixelCode interface features a central workspace divided into four quadrants by a grid. The top-left quadrant contains a toolbar with a play button, Undo, Redo, Open console, Export, and Import options. The top-right quadrant is a red area labeled "Challenges". The bottom-right quadrant is a green area labeled "PixelCode". The bottom-left quadrant is a grey area containing a visual programming language (VPL) editor. The VPL editor includes a toolbar with Input message, output message, if:, Switch, List Name, Struct Name, Do, While, For, and Function/Procedure blocks. A "Start" button is located in the middle-right of the workspace, and an "End" button is located below it. In the bottom right corner of the workspace, there are three green control buttons: a minus sign (-), a plus sign (+), and a square icon.
